

Our Priority is **Quality**

To enhance and maximize the number of offers proposed which are related to every student speciality

Your **satisfaction**

By matching any student with the most suitable internship or job offer with his competences and domain of study

OUR PROBLEMATIC

The existence of many job and internship offers in different formats/languages and managing them manually takes time and efforts.

No visibility on the skills required by the job market

Students are bombarded by non relevant job offers

WHAT WE DO

In order to overcome the limitations of the existing Webside, we are going to create a dynamic web application entitled **Job It**, that guarantee the best matching between students and offers proposed

SOLUTIONS

Free platform for matching candidates with suitable up-to-date job offers based on their skills.

Providing acces for students to be notified.

Automating different PE tasks.

OUR MISSION

we will provide an interface (dashboard) for the PE having analytical studies about the offers containing :

- Number of offers per period ,the company with highest number of offers
- Geographical distribution (in Tunisia and in the world)...
- Technologies/trade/fields

OUR TARGETS

The mainly targets of job it will be
The (PE) employability pole of the Esprit group where the managements of different internship offers
Different Companies
Esprit Students

www.jobit.com

Make sure to feature your bestsellers or signature products or pieces.

Keep it simple and to the point by listing the name, price and brief description.

The best way to maximize its use is to introduce what the brand has to offer with a brief or about this section.

Keep it simple and to the point by listing the name, price and brief description.

JOB IT and its ADDED VALUES

An automatized recommendation system

This application will provide certificates related to students specialities

Added to that,it will assign tutors for students who need guidance
